**Vienna's day-to-day and street life from the mid-nineteenth century to the present
in fascinating, hitherto unpublished images**

This richly illustrated publication presents masterpieces of street photography from the mid-nineteenth century to the present day from the collections of the Wien Museum: impressive street scenes, intimate snapshots, and fleeting candid images of urban life. En passant, these images also tell the story of a rapidly changing metropolis. They capture the hustle and bustle of the city on its streets, squares, and markets, capture unexpected encounters, and document moments of deceleration and pleasure. The photobook draws a new, suggestive portrait of the metropolis on the Danube and invites the reader on an exciting photographic journey of discovering.
